ILLUSIONS & REALITY is a program that's designed to be remembered. Leventhal builds a strong rapport with his audience using the fascinating art of illusion. Every member of the audience feels as though they were a part of the show. Many of the large scale illusions in this program have been seen on television and stages around the world.

Leventhal demonstrates how easily even the most intelligent audiences can be fooled by natural means. From the outset of the program Leventhal makes it clear that he doesn't possess any special powers, nor is he involved with the occult in any way. He shares that his personal relationship with God through Jesus Christ is the foundational reality in his life. Near the end of the program he shares a brief testimony of his Christian faith. Although this is only a relatively small part of the program, many have said that this portion made a positive and dramatic impact on their lives.
